

PAINT & POWDER

COATINGS

Our Customer's Agree!!

We are Different. We're the Only Company that offers true **Heavy Duty Industrial Construction and Components**, backed by superior **One-on-One Customer Service**. If you are looking for a **Reliable, Environmentally Safe, and Durable Burn-Off Oven** You Need A **STEELMAN!**

Call today for a **FREE test burn.**

TURN THIS....

INTO THIS!!!

Heat Cleaning is a demanding application for ovens. High temperatures, corrosive atmospheres, and the potential for environmental problems mean that it doesn't pay to buy anything less than a Steelman. We have the Design, Components, Construction, and Controls to provide the Only Industrial Quality Burn-Off Oven Available.

FEATURES:

- High-Fire Afterburner*
- Certified Emission Data*
- Patented Top/Down Heating*
- Patented Automatic Process Control*

We Wrote the Book on Burn-Off Ovens.
